RE: LETTER OF REFERENCE

To whom it may concern,

I have personally worked with Mel McDonald for the past 16 years, and know him and his firm, M.D. McDonald Company, Inc. to be of the highest caliber of general contractor. We have entrusted this firm with many challenging and unique projects at airports across the country, and have always found them to perform at a consistently high level. They have a good knowledge of construction and airport procedures, and always offer good solutions to problems that may arise in the field. They have met their schedules and always watch over any subcontractors that work for them. They interact well with the clients and the governing authorities on the jobsites. M.D. McDonald is very conscientious in their level of detail and finish, and in their knowledge of construction codes.

I would highly recommend them to be licensed in your state.

Sincerely,

A handwritten signature in cursive script that reads "Rosemarie Rawson".
